Please Initial and Sign in collaboration with one of our adoption counselors after your application has been approved:

- 🗨️ We may visit your home to see the environment where the dog will live and to answer any questions you may have. This is a great opportunity for you to get input on how to integrate your new pet into your home.
  
- 🗨️ Our rescued pups must have access to the indoors, must be spayed/neutered and must be returned to SARA Sanctuary if an adoption does not work out for any reason. It is our goal to match you with a forever friend and we will consult with you as needed throughout the transition and beyond to help address any challenges.
  
- 🗨️ We will attempt to provide you with an honest evaluation of the temperament of any dog we place with you for adoption but the full history of an adoptable animal may not be known. Again, we are here to work with you if any unforeseen issues arise.
  
- 🗨️ All dogs should wear a collar with an ID tag at all times. This should include your phone number and address. A Microchip is highly recommended. It is a safe, permanent miniature implant injected beneath the skin over the shoulder and is no more invasive than a vaccination. For more information, contact:
  - Home Again Companion Animal Retrieval Microchip System I -800-252-7894
  - AVID Microchip 1-800-336-2843
  - If your pet gets lost, contact the Missing Pet Network at [www.missingpet.net](http://www.missingpet.net)
